Standard Models
as Low as

\$149⁵⁰

36" or 54"
Lifts

(Pat. No. 2560131 and
other patents pending)

USE IT YOURSELF

- in your stock room to shelve heavy loads in narrow aisles
- to load and unload trucks
- to safely move easily damaged merchandise
- to stack heavy kegs and boxes

It helps you as it sells itself. Your Grand Shop Caddy demonstrator will speed handling in your store while making it safer and easier. And customers will get a convincing demonstration when they see it working for you.

You know that "capital" equipment sales are hard to make these days, but *you can make sales NOW with this low cost, "Shop Caddy."* It's a hand truck with a 4-speed hydraulic lift that has scores of uses in almost every plant and shop you call on. It's a "packaged" unit, complete and ready to go to work as you see it. No fancy custom prices, no fancy engineering and slow delivery. Buyers are quick to see its advantages.

- Both Lifts and Moves Loads
- Smooth Hydraulic Operation Reduces Damage to Merchandise
- Varilift—4 lifting Speeds
- Perfect Balance for Safe, Easy Handling
- Saves Men—Reduces Accidents
- Saves Space—Stacks Kegs, Boxes, Bags, Crates, Coils, Dies

SEND COUPON for details of our New Low-Investment, Floor-Stock Rental Plan. It gives you a demonstrator for only a dollar a day! You purchase as you sell.

SELL FAST MOVING GRAND SAFETY DOOR HOLDERS, TOO

It's the only line of lever-type safety door holders with an adjustable lever for length, with an adjustable, replaceable shoe and a positive clinch spring holder. Patented steel, rubber-covered shoe never slides, never mushrooms. You can't sell a finer line of safety door holders.
